**THE NEW NORMAL KIOSK** - Hand Sanitizing combined with Digital Signage. Play customized content or run an application as per your business needs.

**MANAGE YOUR CONTENT EASILY** - Remotely monitor, upload & schedule Digital Signage Media Content from any computer or mobile device from anywhere.

**21.5" OR 11.6" TOUCH SCREEN** - PACP touch screen makes this kiosk ideal for various interactive applications like food ordering, visitor management etc.

**TOUCH-FREE SANITIZER DISPENSER** - Built-in IR sensor for clean, safe & completely contactless hand sanitizer dispensing. Avoids cross infection.

**3000 ML TANK WITH LOW-LEVEL ALERT** - With automatic sanitizer low-level alert by email, proactive re-filling management is possible for the FM team.

**NETWORK CONNECTIVITY OPTIONS** - Multiple connectivity options to choose from. Ethernet, Wireless or 4G. Supports video playback in stand-alone mode.

**KIOSK MOUNTING OPTIONS** - Sleek design for wall mounting. Optional floor stand for floor standing applications with cable management.
